Seun Kuti in a recent interview criticised Pastors Chris Oyakhilome of Christ Embassy and Chris Okotie of Household of God.

Seun Kuti

The afrobeat singer, who was speaking to The Nation newspaper on why he does not believe in marriage, took a swipe at the two men of God for divorcing their wives.

He pointed out as a more righteous example his grandfather, Reverend Ramsome Kuti, who was an Anglican reverend and remained married to one woman till he died.

The father of one explained that he does not believe in marriage because it is a

power game.

Pastor Chris Oyakhilome

He said: *“It is a thing of ego, of domination and submission. I think humanity is gradually moving away from it from the number of marriages that don’t even work. In the ones that work, someone has to submit, someone has to give up who they are for the other person for it to work; especially the women. If no one agrees to do that, the marriage won’t work. Women are more independent.”*

Pastor Chris Okotie

The singer, who studied popular music and sound technology at the Liverpool Institute of Performing Arts, speaking on women's liberation, said his grandmother Mrs Funmilayo Kuti, a foremost nationalist and feminist, did not have a great relationship with her husband after she became independent.

He said: *"My father told me that when his father died, his mother told him she and her husband had not been speaking for 10 years, even though they lived in the same house... staying together because of the children. My grandfather was a reverend, so divorce was not an option. Not like Chris Oyakhilome or Chris Okotie that divorced, they swore an oath to God and still broke the oath."*

Ok now. Baby in napkin is talking. Those who kn...r grandma said she was a distinct witch and thorn in the flesh of the reverend. When u get married and u are able to sustain for 1yr, then u can come back to make this statement on these pastors. U've just started to make babymamas. Out of women that don't know what they want. Never do well.

Anointed man of god or man of dog? These guys are just fraudsters who have morons like you by the nose. Maybe when the man of dog starts screwing your wife you will wake up from your stupor. Even the oyibo's that introduced these foreign religions to Nigeria do not follow them so slavishly

Bros, condemnation of an act be it Pastor or not has nothing to do with whether u are a pastor or not. Don't quote that version of Bible. I beg u in the name of God. Pastors are divorcing their wives, is it what clapping for? What are the followers going to learn from them. This is exactly why we have divers doctrines in the churches. Each Pastor running his own church the way they like. Call a bad thing a bad thing. Who annointed who afterrall? Is God involved in the calling or people call themselves.
